KATE

KATE is a table with generous shapes, characterized mainly by the strong and evocative base, where anyone can read the geometric and formal references to their liking with an elegant and highly dinspired design, where beauty meets geometry. No less relevant, however, is the top above, shaped so that it is particularly thin and rounded, perfect for convivial situations in dining rooms, living rooms and much more. Numerous available finishes make this table particularly suitable for contemporary use.

XT3916

MOOD

The frame, crafted from solid wood and carbon steel,
steadfastly upholds the everyday warmth.
it blends the cool sophistication of the sintered
It transforms the dining moment into
the most enchanting scene of the home, practical yet
brimming with the ritualistic charm of life.
